APPLICATION FOR STUDENT ACADEMIC SUPPORT

Graduate - Undergraduate – Non-student

The Center for Historic Preservation, a research and public service institute founded by the Tennessee Board of Regents, is committed to providing experiential learning experiences. Students currently enrolled at Middle Tennessee State University and recent graduates of MTSU or other academic institutions are encouraged to apply. Additionally, there are unpaid internship opportunities for community students (not currently enrolled at MTSU) or MTSU students seeking additional professional experience. Selected individuals work on staff-directed projects at the Harrison House and the Black House on MTSU's campus, at the Heritage Center in downtown Murfreesboro, and, at times, on assignment at other institutions. Employment opportunities vary by semester and appointments depend upon how well the applicant's experience, skills, and research interests match current Center projects. Most appointments are semester-long and are open for renewal if the individual's work demonstrates significant progress and accomplishment and, if a student, that the student maintains a 3.0 cumulative GPA.

Applications may be submitted year round; however, first consideration will be given to application packets received by **OCTOBER 15** for spring semester, **MARCH 15** for summer semester, and **JUNE 15** for the fall semester. See submittal instructions on other side.
